

**Discussion paper  
EMF-delegates conference  
August 2010 – Predazzo / Italy**

**Menden, 30.06.2010**

**Awarding of two individual European Championship titles per category (men and female): strokeplay and match-play**

Status:

At the moment we have one European Single title per category (men and female). The title is established out of match-play competition on Saturday.

Reasons for this discussion paper:

- Discussion directly with the nations to find out their positions.
- There is always a hard discussion of knock-out if the best player of preliminary rounds is eliminated in first or second match-play round on Saturday.
- EMF board generally “can live” the idea of two titles (strokeplay and match-play).

We kindly ask for your preparation for short time discussion at DC.

Reinhard Neitzke  
EMF sport-director
